

APMRS 2018

Building Blocks of Life –

from Metabolomics and Proteomics to Systems Biology

Austrian Proteomics and Metabolomics Research Symposium

August 29 - 31, 2018

TOPICS

Human Microbiome, Health and Nutrition, Cancer and Signal transduction, Exposomics and Bio-monitoring, Innate Immune System, Genome-scale Metabolic Modelling, Computational Mass Spectrometry, Eco-Systems Biology, and more...

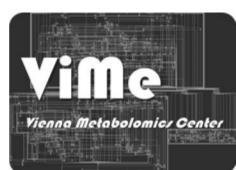

WORKSHOPS

Hands-on experience for machine learning, kinetic modelling, One-stop-shop TMT data analysis workflows, protein interaction network analysis

ORGANIZERS

Wolfram Weckwerth

University of Vienna

André Müller

CeMM

Klaus Kratochwill

Medical University of Vienna

VENUE

University of Vienna SKY LOUNGE - enjoy the fantastic view over the center of Vienna

KEYNOTE SPEAKERS

Hannelore Daniel

Technical University of Munich, Germany

Mohamed Elgendy

University of Vienna, Austria

Lukas A. Huber

Medical University of Innsbruck, Austria

Edda Klipp

Humboldt-Universität zu Berlin, Germany

Karsten Kristiansen

University of Copenhagen, Denmark

Steffen Neumann

Leibniz Institute of Plant Biochemistry, Germany

Benedikt Warth

University of Vienna, Austria

Thomas Weichhart

Medical University of Vienna, Austria

Paul Wilmes

University of Luxembourg, Luxembourg

IMPORTANT DATES & DEADLINES

Abstract Submission

register directly using this QR code

Extended: 31st July 2018

Online Registration

20th August 2018

Conference Date

29th-31st August 2018

or visit www.aupa.at
